## The City of Burbank

is pleased to invite you to the Grand Opening of its new

## Hydrogen Fueling Station

Friday, March 17, 2006 9:00am to 10:00am City of Burbank Hydrogen Fueling Station 124 S. Lake St.  $\Diamond$  Burbank, CA 91502

This new state-of-the-art fast fill hydrogen fueling station is one more milestone in the City's plan to improve the region's air quality. The opening of this station marks the City of Burbank's participation in a five year hydrogen fuel infrastructure and fleet vehicle demonstration project sponsored by the SCAQMD. Come see the latest City of Burbank alternative fuel station and our hydrogen powered vehicles.

## Many thanks to our partners

South Coast Air Quality Management District Air Products and Chemicals, Inc. Quantum, Inc.
